

LECTURES & SPEAKERS

13:28 Inodilators and Cardio-Renal Syndrome

Piergiuseppe Agostoni

Milan, Italy

Professor Piergiuseppe Agostoni is a cardiologist and a researcher. He is Professor of Cardiology at the University of Milan. He is director of the Cardiovascular Fellowship Program of the University of Milan. He is chief of the cardiorespiratory pathophysiology laboratory, head of the Heart failure Unit, and Coordinator of the Critical Care Cardiology Unit of Centro Cardiologico Monzino. He has authored over 800 publications, (> 300 in international journals with impact factor). He is president of CPX-International. He is a recognized international expert in the field of heart failure and cardiovascular research, for which he has won numerous awards.

Carsten Tschöpe

Berlin, Germany

Carsten Tschöpe is professor of Medicine and Cardiology and Vice Director of the Dept. of Cardiology, at the Campus Virchow Clinic (CVK) at the Charite, Berlin, guiding the Cardiomyopathy program. He is the recipient of the 1st Research Prize of the Benjamin Franklin University Clinic and of the Arthus Weber Price of the German Society of Cardiology. He has been principal investigator in 8 clinical trials and published over 330 scientific articles (with an h-index over 68) including some patents.

You are most welcome to attend the SATELLITE SYMPOSIUM

I.V. INODILATORS: WHY, WHEN AND HOW

at ESC 2019 Congress in Paris, France
on Monday, September 2 at 13:00 – 13:45
in Hub, Duras

CHAIRS

John Parissis, Greece

Francesco Fedele, Italy

LECTURES & SPEAKERS

13:00

*Inodilators in Acute Heart Failure/
Cardiogenic Shock*

Finn Gustafsson, Denmark

(debate with Veli-Pekka Harjola, Finland)

13:14

Inodilators in Advanced Heart Failure

Gerhard Pözl, Austria

(debate with Josep Comin-Colét, Spain)

13:28

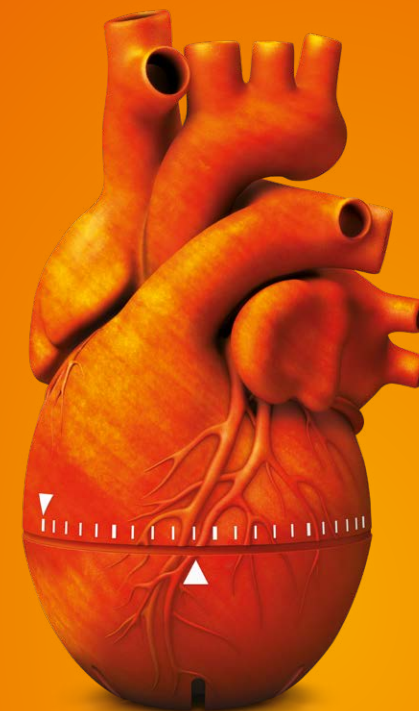

Inodilators and Cardio-Renal Syndrome

Piergiuseppe Agostoni, Italy

(debate with Carsten Tschöpe, Germany)

SYMPOSIUM

I.V. INODILATORS: WHY, WHEN AND HOW

CHAIRS

John Parissis Athens, Greece

John Parissis is Associate Professor of Cardiology in the Second Department of Cardiology of Attikon General Hospital, University of Athens. He is head of ER of University of Athens. He is a fellow of the European Society of Cardiology and member of the ESC Heart Failure and Acute Cardiac Care Associations. He was member of the ESC committee for the national working groups or national societies on heart failure as well as member of the Task Force for Curriculum Heart Failure of the ESC Heart Failure Association. He is co-chair of the committee of acute heart failure of ESC HF association. Dr. Parissis has published 290 articles in Cardiology peer-review international journals. He is reviewer in 30 cardiology international journals including NEJM, Lancet, Circulation, JACC and European Heart Journal.

Francesco Fedele Rome, Italy

Fedele is Full Professor of Cardiology and Director of the Specialization School for Cardiologist of "La Sapienza" University of Rome, and Chief of Cardiology at the Department of Cardiovascular, Respiratory, Nephrology and Geriatrics Sciences at the "Policlinico Umberto I" Hospital. Fedele has been principal investigator in several International Clinical Trials and authored over 700 publications on national and international journals in research fields as cardiorespiratory pathophysiology, pathophysiology of ischemic heart disease, acute myocardial infarction, systemic and pulmonary hypertension, heart failure, echocardiography, and clinical pharmacological therapy.

LECTURES & SPEAKERS

13:00 Inodilators in Acute Heart Failure/ Cardiogenic Shock

Finn Gustafsson Copenhagen, Denmark

Professor of cardiology at the University of Copenhagen and medical director of the advanced heart failure, transplantation and MCS program at Rigshospitalet in Copenhagen. His clinical training in advanced heart failure took place in Denmark and Canada. His research interests include several aspects of heart failure pathophysiology and management. He is an author of more than 250 peer reviewed articles and several book chapters. Dr. Gustafsson serves on the steering committee of several international clinical trials and registries within the field of advanced heart failure. He is an associate editor for *Circulation: Heart Failure* and on the editorial board of *European Journal of Heart Failure* and *Journal of Heart and Lung Transplantation*.

Veli-Pekka Harjola Helsinki, Finland

Veli-Pekka Harjola is Head of Division of Emergency Medicine in the Department of Emergency Medicine and Services of Helsinki University Hospital. He is also Associate Professor in the Faculty of Medicine of the University of Helsinki. He is author of 160 PubMed-listed papers and active member of the acute heart failure working group in ESC/Heart Failure Society. Veli-Pekka is also Vice President of the Finnish Society of Emergency Medicine and the Finnish Angiology Society. He is Fellow of the ESC and HFA. His expertise field in cardiology is heart failure and research interests are acute heart failure and venous thromboembolism. Veli-Pekka acts as the P.I. of European multicentre study on cardiogenic shock, the CardShock Study.

13:14 Inodilators in Advanced Heart Failure

Gerhard Pözl Innsbruck, Austria

Professor Gerhard Pözl is Chief of the Heart Failure and Heart Transplant Program at the Medical University Innsbruck. His research has focused on clinical studies in advanced and chronic heart failure and on translational studies in cardiomyopathies. He has been Principal Investigator of the LevoRep clinical trial that tested the efficacy and safety of pulsed infusions of levosimendan in outpatients with advanced heart failure. He is currently P.I. of the clinical trial LEODOR, on repetitive use of levosimendan in advanced heart failure.

Josep Comin-Colét Barcelona, Spain

Director of the Cardiology Department of the University Hospital Bellvitge in Barcelona. Member of the Heart Failure Association of the European Society of Cardiology and Advisor to the Ministry of Health of the Government of Catalonia for organization of care of patients with chronic cardiovascular conditions. Associate Professor of Cardiology at the University of Barcelona. More than 150 articles published in international journals of medicine and cardiology. Reviewer for several journals in cardiology in Europe and the United States. PI of several clinical trials and researcher at IDIBELL.
