

Welcome to our Lunch Symposium
at ESICM-LIVES 2019 in Berlin, Germany

HEMODYNAMIC BALANCE IN CRITICAL CARE: RENAL EFFECTS OF INOTROPES

MONDAY, September 30 at 12:30 – 14:00
in room Lisbon

CHAIRS

Prof. Dr. Massimo Antonelli *Rome, Italy*

Prof. Dr. Carsten Tschöpe *Berlin, Germany*

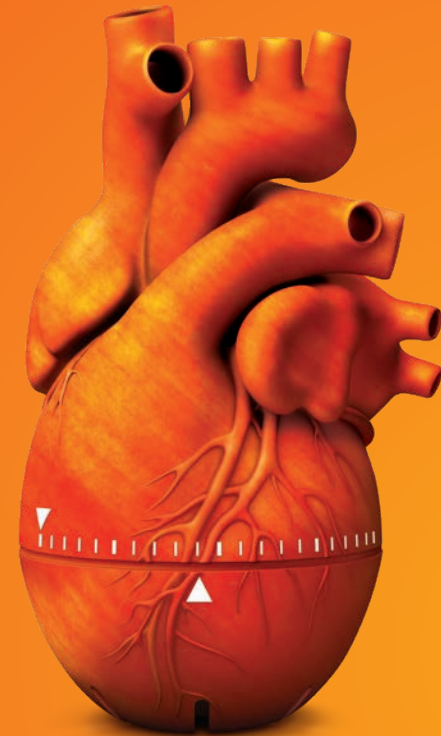

TOPICS & SPEAKERS

Differential renal effects of i.v. inotropes | Sven-Erik Ricksten *Gothenburg, Sweden*

Differential hemodynamic effects of i.v. inotropes | Antoine Herpain *Brussels, Belgium*

Levosimendan in the clinical use: evidence of renal effects | Sascha Treskatsch *Berlin, Germany*

Current and potential applications for a renal-friendly inotrope | Massimo Girardis *Modena, Italy*

PROGRAMME

MONDAY, September 30 in room Lisbon

CHAIRS

12:30 – 12:35 Opening

Prof. Dr. Massimo Antonelli (Rome, Italy)

Prof. Dr. Carsten Tschöpe (Berlin, Germany)

LECTURES

12:35 – 12:55 Differential renal effects of i.v. inotropes

Prof. Dr. Sven-Erik Ricksten (Gothenburg, Sweden)

12:55 – 13:15 Differential hemodynamic effects of i.v. inotropes

Dr. Antoine Herpain (Brussels, Belgium)

13:15 – 13:35 Levosimendan in the clinical use: evidence of renal effects

Prof. Dr. med. Sascha Treskatsch (Berlin, Germany)

13:35– 13:55 Current and potential applications for a renal-friendly inotrope

Ass. Prof. Dr. Massimo Girardis (Modena, Italy)

13:55 – 14:00 Closing words
